Day 3

Tokyo History Tour - Ancient to Modern

You'll join one of our hosts to decipher the history of this futuristic city together - it had to start somewhere, right? Whether you want to go really far back (we're talking ancient) and discover the most historic shrines and temples, or your vibe is more a pre-war yokocho (alleyway) where you can get a feel for the old Tokyo, all you need to do is let us know. Marvel at neighborhoods like Koenji, which are all but untouched by Japan's 1980s boom of modernity, whilst confronting sleek, towering skyscrapers around the very next corner. Within 24 hours after booking you'll receive a short questionnaire about your personality and interests. Based on your responses, you'll be assigned a like-minded host. Your host will communicate with you directly to suggest an itinerary to help you discover what makes the city unique. You'll also agree on a meeting time and place. Your itinerary is flexible, so during the experience, you can always change your mind about what you want to do.
