Today you will arrive in Barcelona

Area Overview

Everything changed for Barcelona in 1992. That was the year this Catalan city on the Mediterranean hosted the Olympic Games. And in the run up to the summertime event, this city of 1.6 million people went through a total transformation, from an industrial larva to a gorgeous butterfly. Beachfront area was renovated. Historic building facades were restored. The amount of available hotel rooms doubled.

All of which makes the sunny city one of the most visited on the planet (and the most visited in all of Spain). After a few days in Barcelona, you'll understand why. Just strolling around to gawk at the architecture is worth the proverbial price of admission: from the elegant facades of Eixample to the Gothic structures in El Born and to the fabulously singular buildings designed by Antoni Gaudi that dot the city (don't miss La Sagrada Familia, a true masterpiece).

In addition to great streets and stunning architecture, the city also boasts world-class museums, fabulous restaurants and vast saliva-inducing food markets, and singular shopping opportunities. It almost makes one forget that the city is on the beach. Lovers of the sea can stroll the two-mile beachfront boardwalk and then plop down at an open-air cafe, raise a glass of cava (Catalonian sparkling wine) and make a toast to this fine city.

St. John's Eve Cultural Celebration

EUR 375

Activity overview

The night of fire! ☐☐☐ The streets are packed with people blowing firecrackers and street fires. It is a pagan tradition in the “magic” shortest night of the year.

The Revetlla de Sant Joan, the St. John’s Eve celebrations, are held across the country and take many forms. In Barcelona everyone celebrates in their own way, with neighbours, friends and families getting together for an evening meal, to play music and light bonfires.

In the afternoon of 23rd June the Canigó Flame reaches Plaça de Sant Jaume, where it is received by representatives of the municipal authorities, along with City’s Eagle and Giants, to a rendition of the Muntanyes del Canigó. Then the representatives of each neighbourhood take the flame to light bonfires across the city.

When the bonfires are lit the celebrations, revetlles, begin in the Barcelona’s streets and squares, along with neighborhood meals, firework displays, dances and revelry until the small hours.

The night is a magical night celebrating the summer solstice, just a couple of days late. The Catholic Church combined it with a celebration of the birth of St. John the Baptist, so it has become a festival marked by symbolic elements and customs: the purifying fire, midnight bathing, the herbs of Sant Joan, songs, dances, cures and other ritual magic.

St. John’s Eve has pagan origins and is one of the solstice festivals, like Christmas. The tradition long predates the introduction of Christianity. It is from a cult of the sun, celebrating the lengthening of the day and the summer solstice.

The Nit de Sant Joan has long been celebrated in Barcelona, with bonfires at the heart of the festivities, as it is a commonly held belief that the flames frighten off and dispel the evil spirits that are abroad on this night. In fact, laws were introduced in the 18th century to curb the spread of fireworks and bonfires in the city, which suggests that by that time it was already a well-established tradition. Despite the bans and restrictions of the 20th century, though, the festival has continued to this day.

BTA PREPARE FOR YOUR TRIP: TRAVEL REQUIREMENTS

Passports & Visas

Passport Requirements: Please be aware of the passport requirements for your upcoming trip.

- We strongly recommend that you check your passport's validity and the number of blank pages available well in advance of your departure date. If your passport does not meet the requirements, we advise you to renew it as soon as possible to avoid any travel disruptions
- Checking the expiration date of your passport well in advance allows you ample time to renew it if necessary. Many countries require that your passport be valid for at least six months beyond your planned departure date. Failing to meet this requirement may result in denied entry or even being turned away at the airport.
- To validate your passport's expiration date and to understand the specific entry requirements for your destination country, we recommend visiting the official website of your country's passport agency or consulate. These websites provide accurate and up-to-date information regarding passport validity, visa requirements, and any additional entry regulations specific to each country.
- For travelers from the United States, the official website of the U.S. Department of State (travel.state.gov) offers comprehensive information on passport requirements, including a passport validity checker tool. This tool allows you to enter your destination country and travel dates to determine if your passport meets the necessary validity requirements.
- Additionally, it is essential to familiarize yourself with any visa requirements for your destination country. The same official websites mentioned earlier will provide information on visa requirements and how to obtain them.
- Please note that failure to meet the necessary travel document requirements may result in denied entry or other travel disruptions. We encourage you to thoroughly research and comply with all relevant travel regulations to ensure a smooth and hassle-free journey.
- If you have any questions or need assistance regarding travel document requirements, our team is available to provide guidance and direct you to reliable resources.

Disclaimer: Boutique Travel Advisors (BTA) would like to emphasize that it is the sole responsibility of our clients to ensure they possess valid passports, visas, and have met all other necessary requirements prior to travel. Cash & Cards

Cash and Card Guidelines for Traveling in Europe

When traveling in Europe, managing finances smoothly is crucial for a hassle-free experience. Here are some guidelines for using cash and cards across the continent:

1. Understanding Currency:

- **Euro:** The Euro (€) is the most widely used currency in Europe, adopted by 19 of the 27 European Union countries, known as the Eurozone.
- **Other Currencies:** Countries outside the Eurozone, like Switzerland, the UK, Norway, and others, use their own currencies, such as the Swiss Franc, British Pound, and Norwegian Krone.

2. Using Credit and Debit Cards:

- **Wide Acceptance:** Credit and debit cards are widely accepted in most European countries, especially in cities and tourist areas. **Check to be sure your card offers Foreign Exchange Free use!** American Express and Chase cards generally offer this.
- **Chip and PIN:** Europe uses the chip-and-PIN technology. Ensure your card is enabled for international use and has a chip.
- **Inform Your Bank:** Before traveling, notify your bank of your travel plans to avoid any blocks on your card due to foreign transactions.

3. Carrying Cash:

- **Accessibility:** While cards are commonly used, it's advisable to carry some cash, especially for smaller transactions or in rural areas.
- **Exchange Rates:** Withdraw cash from ATMs for better exchange rates compared to currency exchange booths. Use ATMs affiliated with banks rather than standalone units in tourist areas to avoid higher fees.

4. ATM Use:

- **Fees:** Be aware of transaction fees for international withdrawals. Check if your bank has partnerships with European banks to reduce these fees.
- **Withdrawal Limit:** Some ATMs have a daily withdrawal limit. Plan your cash needs accordingly.

5. Safety Tips:

- **Keep Receipts:** Save receipts for card transactions to verify against your statements.
- **Secure Your Wallet:** Use a money belt or a secure, zipped bag to keep your cash and cards safe from pickpockets.
- **Multiple Cards:** Carry more than one card and store them separately to ensure you have access to funds if one is lost or stolen.

6. Mobile Payments:

- **Increasing Popularity:** Services like Apple Pay, Google Wallet, and Samsung Pay are becoming more common in Europe.
- **Setup Before Travel:** Ensure your device is set up for mobile payments and check its compatibility in your destination.
