Parents and Children learn from the same works of art, but the younger set gets additional motivation through our educational and interactive treasure hunt (parents are free to pitch in of course!). This scavenger hunt takes the family and their personal guide through a broad range of collections (Ancient Near East, Greek and Roman, Renaissance Italian, French), asking specific and detailed questions about many of the Louvre's masterpieces. It is designed to give children (ages 6-12) an entertaining background to the history of art while sharpening their "detective" skills of observation. Their own answers to the clues lead them to discover and educational prize hidden somewhere under Louvre's glass pyramid.

2 hours of " Louvre Quest : Treasure hunt in Musée du Louvre". Entrance fees included.

Musee du Louvre

Image credits: Pixabay

The Louvre museum exemplifies traditional French architecture since the Renaissance, and it houses a magnificent collection of ancient and Western art.

Walking through the Louvre Museum is like walking through the history of France and into the minds of kings and revolutionaries. The reigns of Louis XIII and Louis XIV saw major expansion and a linking of palaces and halls, which make up the museum today.

Divided into seven sections, the Louvre collections incorporate works dating from the birth of the great antique civilisations right up to the first half of the 19th century, thereby confirming its encyclopaedic vocation.

the present Louvre departments include Oriental (ancient Mesopotamian) antiquities; Egyptian antiquities; Greek and Roman antiquities: sculpture from the Middle Ages to modern times: furniture and objects d'art: and paintings representing all the European schools. A section of the museum is devoted to Islamic art.

Among the thousands of priceless paintings is Leonardo Da Vinci's "Mona Lisa", probably the most famous painting in the world, housed in the Salle des Etats in a climate- controlled environment behind protective glass

Works of artists like Fragonard, Rembrandt, Rubens, Titian, Poussin, and David can also be seen. One of the most famous sculptures in the collection is the "Venus de Milo".

The Musée de Louvre is unquestionably one of the finest museums in the world.

We will pick you up from your hotel

Description:

Our interpreter-guide invites you to experience the history of the Palace of Versailles, one of the world's most famous monuments to royalty. Your guide will take you straight in, without standing in line, and lead you through the most beautiful rooms; the State Apartments, the Hall of Mirrors and the Queen's private Apartments. Free time is planned at the end of the tour for a walk in the French-style gardens, which are full of magnificent statues, busts, and marble vases.

Itinerary:

Leave your Paris accommodation at 8 a.m. for a minibus journey to Versailles; arrival scheduled for around 9 a.m. The number of participants is limited to a maximum of eight to allow you to enjoy a tailor-made excursion with your driver-guide.

Along the way your guide will provide information about the palace's history. On arrival you will follow your guide straight to the front of the line to tour the palace's most beautiful rooms: the King's Grand Apartments, with seven rooms each dedicated to a different god (Apollo, Mars, Mercy, Venus, etc.), and the Queen's Grand Apartments, mirroring those of the king, including the Coronation Room and the Queen's Bedroom, once occupied by Marie Antoinette. Also, marvel at the majestic "Hall of Mirrors" Versailles, a large reception room in which to see and be seen, dreamt up by the famous architect, Jules Hardouin-Mansart. Almost 240 feet-long, it was created to astonish visitors to the Sun King, Louis XIV; it is lit by 17 windows and some 350 mirrors, and overlooks the palace's breath-taking gardens, the second part of your visit.

In 1661, Louis XIV commissioned the landscape architect André Le Nôtre to lay out the gardens and grounds, something that was just as important to the king as the construction of the palace. Spend time exploring the Gardens of Versailles and admire the 386 works of art (including more than 200 statues), fountains, ponds, flower beds, and woodland. During the Summer months, a range of activities are organized, for example, the Grandes Eaux Musicales, when the garden's fountains "dance" in time to music.

Return to Paris scheduled for around 12midday.

Day 19

Options for the Day

Athens is a great place to experience Greek Food. If you'd like we can arrange a private food tour for the family or you can partake in a group tour.

If you'd like to explore eateries on your own, see the Restaurant Guide included in your documents.

Other areas to explore on your leisure day in Athens include the the [Monasteriaki Flee Market](#), [Kerameikos Cemetery](#) or [Thiseio](#). I would also recommend spending time in the neighborhood of [Psiri](#) which is two minutes from your apartment.

Unfortunately, the Athens Public Market is closed on Sundays or I would recommend you visit this market as well.

Your guided tour on July 8 includes all the major sights to see in Athens. Enjoy your free day, as you have so much to look forward to on your guided tour of Athens!
