**MEETING POINT:** [In front of the fountain at Syntagma Square.](#)

Tour does not include hotel pick-up/drop-off or gratuities. Please find your own arrangements (take a taxi) to the meeting point.

As the sun sets embark on a truly decadent foray into Greek gastronomy and viticulture on this Private Tour. An immersive evening food tour of Athens visiting two authentic eateries followed by a tasting of 5 different Greek wine varieties with an expert sommelier.

**Note:** This is a walking tour, please wear comfortable walking shoes. Tour is unable to accommodate wheelchairs and anyone with mobility issues.

Cancel policy: 50% penalty if cancel 4 days prior; 100% penalty 0-3 days prior.

Tour requires a minimum of 2 - maximum of 10 Participants.

Sights in ancient Greece, and especially Athens, take on a larger importance than in most other places in the world. They are histories of democracy, Western civilization and philosophy firsthand. You can't help but walk around the Parthenon and the rest of the Acropolis and dream about the great ones who have come before you and whose footsteps you're in.

Athens is a must-see on any European tour. The ancient and modern merge in this city in ways that are fascinating and sometimes overwhelming. Pollution wreathes the golden stones of the Acropolis and obscures views of the Saronic Gulf. Cars bleat and belch among ranks of concrete high-rises.

But then you turn down a cobblestone lane and discover vine-swathed tavernas, tortoises trundling through ancient ruins and bazaars teeming with dusty treasures. Or perhaps you will encounter a sleek cafe, art gallery, or an outdoor cinema that serves ouzo under the stars. Greece's capital has been reinventing itself, and the results could not be more charming.

The metro routes are extensive, and the stations dazzle with marble and antiquities. Congested downtown streets have been turned into pedestrian walkways, greatly reducing Athens' notorious smog and noise. Hotels, museums and archaeological sites have been revamped. Gentrified districts—such as Gazi—host cafes, clubs, and chic restaurants, which even boast smoke-free sections.

The years since 2010 brought Greece's most severe economic crisis of modern times, together with harsh austerity measures, social unrest and even talk of defaulting and leaving the Eurozone, the 17-nation group of EU countries that use the euro as their common currency. Yet there is a built-in certainty that Greece will ride this storm as it has many others. Greeks are proud of their Olympic history, their renovated capital city and—most of all—their proven ability to surmount obstacles.

Despite the media images of frequent demonstrations and protest marches, some of which have become violent and lead to scuffles with the police, Athens should remain firmly on the travel map, prized for both its ancient charms and its modern makeover.

## Day 6

Discover the island of Paros and its beautiful sister island of tiny and charming Anti-Paros. Spend some time on the beach, or swimming in one of the lovely bays, before heading inland to explore this island whose natural beauty and fabulous footpaths connecting the villages are truly breath-taking. Some of the finest restaurants of the Cyclades can be found here.

### Highlights

#### Antiparos:

Antiparos became well known when celebrities like Tom Hanks, Bruce Willis, Pierce Brosnan, and many others bought a place on this little island. When you walk through the main village and visit the Cave of Antiparos going back to the 6th century BC you will understand why. Quiet yet colorful and charming, this little island is one of the places you need to visit especially. Drop an anchor and relax between Antiparos and Despotiko bay, taste great grilled fish in one of the port little taverns, along of course with some ouzo on the side.

#### Paros:

Paros is one of the most popular islands of the Cyclades with whitewashed houses, hundreds of historical interests, crystal clear waters and above all hospitality of her inhabitants who are ready to welcome you and share their culture. Famous for her white marble production Paros has one of the finest marble qualities available in the globe.

The monastery of **Panagia Ekatodapiliani** (in Greek the word means that she has 100 gates) is a long-lasting legend saying that Saint Constantine (first emperor of Constantinople) built this church on behalf of her mother Saing Helene-since she was saved by a storm while traveling and she was rescued in Paros. According to the legend, the church has 99 doors and 1 that is hidden. The hidden one will be finally found and opened when the church in Agia Sofia (in Constantinople) will be orthodox again.

## Paros Leisure Day

Image credits: on [https://www.azamara.com/sites/default/files/heros/paros-greece-hero\\_1800x1000\\_0.jpg](https://www.azamara.com/sites/default/files/heros/paros-greece-hero_1800x1000_0.jpg)

The island of Paros has several nice beaches and a lively nightlife. There is a pretty golden sand beach at Chryssi Akti (great for sailboarding) and a fishing village at Naoussa.

The island's main town, Parikia, is a colorful village with a 13th-century Venetian citadel and a slightly bizarre cathedral (called the Church of 100 Doors, the cathedral's belfry is a tall cypress tree). The island can become crowded and rooms scarce, so we advise that you prearrange accommodations.

If Paros gets too crowded, try the nearby island of Antiparos, Paros' alter ego. The island, served by excursion boats from Paros, has good snorkeling, a nice little village, and a cave filled with stalactites (the cave is closed in the afternoons).

## Day 7

## Explore Antiparos

Image credits: on <https://www.greeka.com/photos/cyclades/antiparos/hero/antiparos-island-1920.jpg>

Antiparos, Greece, one of the Cyclades islands, is located 100 mi/160 km southeast of Athens. It is often seen as a day trip from the island of Paros.

Antiparos is lovely, romantic, and tremendously charming. This tiny crowd-free Greek island attracts the type of travelers who arrive on their private yacht or sailboat, rent a stunning villa, and spend their days lazily exploring, shopping, and relaxing. The island's big brother Paros has a marina and an airport; Antiparos has neither.

The allure of the island lies partially in its relative inaccessibility. Cruise ships and mainstream travel itineraries skip over the small paradise, leaving it unspoiled and quiet even in peak summer months. Antiparos is renowned for aqua green and blue

waters, rural villages, clean beaches, and an attractive shopping district in the capital, Chora. The island is traditionally Cycladic, with delightful whitewashed houses, narrow cobbled streets, and blue-domed churches. Travelers looking for authentic social distancing destinations who visit may never want to leave this crowd-free Greek island.

The beaches are sandy, and the water is incredibly clear. On the southern side of the island, travelers can visit Antiparos cave, a stunning natural wonder full of stalactites and stalagmite.

### Free Day To Explore Mykonos

Set like gems in the sparkling blue Aegean Sea, each of the Cyclades islands has its own character. For Mykonos, the local culture is a mix of the sacred and the profane. This island is the gateway to the neighboring unoccupied island of Delos, the sacred center of the Cyclades.

With more than a million visitors a year, this 30-sq-mi/80-sq-km island gets busy in high season. For those who don't like crowds, spring and fall are the best times to visit.

If your notion of a Greek island is old ladies in black and fishermen mending their nets by the harbor, Mykonos will be an eye-opener. In fact, it will probably surprise even the experienced traveler. Mykonos has more than 400 churches and chapels, as well as several nude beaches and its share of gay striptease and drag shows. Fashion models strut their stuff, and the nightlife can be as wild as anywhere in the world. Prices are high, too, but the food and shopping are better than almost anywhere else in Greece.

Mykonos Town, the capital, is the center of activity on the island. Don't let its reputation for wild behavior discourage you from visiting. Go during the daytime if you want to experience a more traditional side of town. Take time to stroll its lovely streets, many of which are no wider than a sidewalk. On each side are smooth, whitewashed cubes whose doors and windows are splashed with bright colors. Bougainvilleas, clematis and geraniums cascade from the wooden balconies.

Be sure to peek inside a few of the red-domed chapels scattered around the island. Most are tiny, peaceful places. There are also several small museums that contain some interesting artifacts.

Outside the capital, the beaches are superb, provided you don't mind sharing them with a few thousand other people. Inland are few trees and lots of rocks, so although it's not the most attractive of islands, it does have character.

## Day 13

### Free Morning to Explore Santorini

Image credits: Pixabay

Santorini, the southernmost of the Greek Cyclades, has to be one of the world's most dramatically beautiful islands. Its unique topography is the result of a massive volcanic eruption some 3,600 years ago, which blew the middle out of the island to create a caldera, a volcanic crater filled with deep blue water from the Mediterranean Sea.

The most memorable way to approach the island is by sea. As you sail into the caldera, red-and-black sheer cliffs rise directly from the water, their tops dusted by what at first looks like a sprinkling of snow. Then, as you get closer, the snow takes the

shape of Cycladic buildings hanging precariously off the hillsides. Zigzagging lines across the rock face become recognizable as roads that lead up from the sea to whitewashed houses perching on the cliffs.

These are the settlements of Fira and Oia, known for their quaint cobbled alleys, white cubic buildings, chic boutique hotels with infinity pools, gourmet restaurants and unforgettable sunsets. All these things add up to make Santorini an incredibly romantic holiday retreat for couples of all ages, as well as a wonderfully glamorous wedding and honeymoon destination.

It's not surprising that Santorini's spectacular setting has made it one of the most-visited islands in Greece—in peak season it receives some 60,000 visitors each day and up to five cruise ships every morning. It's also much loved by celebrities—visitors have included Beyoncé, Brad Pitt and Angelina Jolie.
