Why Abercrombie & Kent?

Abercrombie & Kent is the world leader in luxury travel, combining comfort and authenticity in the world's greatest destinations. Company-wide there are certain values that make us special:

- **Global Corporate Indemnity Insurance** providing you with unsurpassed peace of mind for wherever you travel within our network.
- **Quality Control teams** - each and every office of ours has a team assigned to making sure our suppliers always deliver as promised. Headed up centrally in London, you can be confident that we work together with international oversight.
- **Guides** - we use only the best guides in the world, who undergo strict qualification processes. They know our destinations inside and out, and serve as much as travelling companions as experts in their field.
- **Philanthropy** - Since 1982 we have been globally committed to respecting the natural environment and giving back to the local people whose destinations we host clients in. Internally and through the generosity of our guests we support over 37 different hand-picked projects worldwide.
- **24 hour emergency contact** - no matter what time of day or whatever the query, our local operations teams are always on standby to be of assistance, providing flexible measures if any plans change.
- **Health and safety** - we have stringent criteria that all our suppliers must meet, along with a whole host of safety initiatives tailored to each destination - from first aid training to localised emergency procedure plans.
- **Our relationships** with suppliers are second to none. It's these personal, long-standing local connections that make sure we offer the best product to our clients. Whether it's the most sought-after table in a restaurant or preferential upgrades where available at hotels, we hold the key to all your customer's needs.
- **Our ability to tailor-make**. We handle every request according to individual needs, so you know we're always thinking about how our agent partners can offer the finest combinations each and every time.
- **VIP services and 'insider access'** - unique and exclusive moments from our wealth of interesting connections, means we can bring our guests closer to the real people, the culture and their customs.

Abercrombie and Kent History

Geoffrey Kent and his parents, Valerie and Colonel John Kent, founded Abercrombie & Kent in 1962. The company's beginnings were modest; Geoffrey Kent remembers their first safaris were conducted with little more than "a Bedford truck and my mother's sterling silver ice bucket." In 1967, Geoffrey Kent, now Managing Director following his parents' retirement, decided to expand A&K's signature style of travel. In 1969, he began opening additional companies in Africa; in 1971 he met Jorie Ford Butler of Oak Brook, Illinois and opened a sales office in the United States.

Today, A&K is the largest luxury tour operator worldwide, with over 55 offices in more than 30 countries, staffed by over 2,500 dedicated people. Our reputation allows A&K travellers private and sometimes exclusive access to amazing experiences around the world. With expertise in not only luxury travel but culture, wildlife and history, Abercrombie & Kent reveals each destination with an authenticity beyond the reach of any other travel company.

Best Time to Travel to Africa - Abercrombie & Kent

Best time to travel

KENYA

Kenya is a year-round destination with each season providing its own spectacular experience.

January - March: Hot dry months with low water levels and short grass. The wildlife have to fight over resources and can easily be seen gathered around water sources. April - May: The rains arrive and are characterized by short, intense thunderstorms & rainbows. The landscape turns lush and wildflowers abound. This is also when there are the lowest visitor numbers ensuring an exclusive experience. June: The rains cease and the skies are crisp and clear with lush long grass. July-September: The migration arrives in the Masai Mara and there are numerous river crossings. End-September - October: The grass dries out and water sources shrink. The migration moves back down into the Serengeti. November: The short rains arrive and provide relief for the wildlife. December: The rains stop and by the end of December resources are getting limited again.

TANZANIA

Tanzania is a destination that can be visited throughout the year.

January - March: These are the hot dry months with low water levels, short grass and the wildlife have to fight over resources. The migration is calving in the Southern Serengeti which is spectacular to behold. April - May: The rains arrive - short, intense thunderstorms & rainbows. Lush, green grass and wildflowers abound - simply stunning. June: The rains cease and there are crisp clear skies. The grass is longer and the migration moves up the Western Corridor of the Serengeti. July - September: The migration arrives in the Northern Serengeti and there are numerous river crossings into Kenya. End-September - October: The grass dries out and water sources become limited. The migration moves back down into the Serengeti. November: The short rains arrive and provide relief for the wildlife. December: The rains stop and by the end of December resources are getting limited again.

RWANDA

Gorilla and chimpanzee tracking is possible all year round in this wonderful little country.

January - May: The rains gradually increase throughout these months, the trees are heavy with fruit and the primates are full and content. June: The rains cease and the days are characterized by blue, crisp clear skies. July - September: These are the driest months with only a few scattered thunderstorms over the mountain ranges. October - December: Rainfall increases throughout these months and thunderstorms happen a few times a week by December.

UGANDA

Gorilla and chimpanzee tracking is also possible throughout the year in Uganda as is the safari experience.

January - May: The rains gradually increase throughout these months, the trees are heavy with fruit and the primates are full and content. June: The rains cease and the days are characterized by blue, crisp clear skies. July - September: These are the driest months with only a few scattered thunderstorms over the mountain ranges. October - December: Rainfall increases throughout these months and thunderstorms happen a few times a week by December.

BOTSWANA

The country is a year round destination. May to August is the dry winter season with moderate days and cold nights. June to August is high water season in the Okavango Delta with opportunities for boating and mokoro excursions. This is the best time for great game viewing. May to October sees increasing numbers of animals concentrated along the Chobe River and central Savute region. September and October is hot and dry with good game viewing. November to April is the rainy summer season. The bush changes into a lush green area and birding is excellent as migrant species arrive in the area. There are plenty of young antelope around.

MOZAMBIQUE

April to September offers a sub-tropical climate and is the best time to visit. May to November is winter with cool temperatures and the least chance of rain. December to April is the wet summer season with brief downpours followed by sunshine. January and February is cyclone season in Southern Mozambique. We advise avoiding the Bazaruto Archipelago during this time.

NAMIBIA

The sand dunes of Sossusvlei can be visited at any time of the year however the dry winter climate from March to October is the best time to visit. September and October can get very hot. October to April is summer and the best time for bird watching. May to August is winter and the best time for game viewing in Etosha National Park. June and July can have very cold nights. November and April is the summer rainy season turning the area green and bringing the occasional floods to the desert.

SOUTH AFRICA

The country is a year round destination. Summer is from October to March and winter from May to August. January to April is the best time to visit Cape Town. October to April is warm and dry. December and February sees the occasional South-Easter wind, blanketing Table Mountain in cloud. July to September is the best time for whale watching and seeing wild flowers in bloom. Kruger National Park is a year round destination. May to October is the dry winter season and the best time for game viewing and walking safaris.

September and October is dry and hot with animals concentrated around water sources. November to April is rainy season and perfect for photography. Game viewing is good, with young animals around and bird watching is great. May to October is the dry winter season and the best time for game viewing in Madikwe Game Reserve. KwaZulu-Natal is a year round destination. May to August is winter with a mild climate, warm ocean and the best time for game viewing.

ZAMBIA

Zambia has a sub-tropical climate defined by a marked wet and dry season rather than summer and winter. The dry season along with mild daytime temperatures runs from May to October and is the best time to go to Zambia for game viewing in the South Luangwa and Lower Zambezi National Park. September and October however can get extremely hot. The rainy season is from December to April when the bush is beautifully thick and green. This is the best time for bird watching as there are many

migrant species in the area. February to May is the best time to visit the Victoria Falls on the Zambian side. The falls are at their fullest from April to May. October and November is dry season with very little water coming over the Zambian side of the falls. White-water rafting is done at this time.

ZIMBABWE

February to May is the best time to visit Victoria Falls. April and May the falls are at their fullest. August to December is low water season and the best time to enjoy water rafting as the volume and speed of the water is reduced and the rapids are more exposed. May to August is dry winter season and the best time for game viewing in Mana Pools, Hwange National Park, Lake Kariba and Malilangwe Wildlife Reserve. September and October are extremely hot and dry months.

Safari in Eastern or Southern Africa? - Abercrombie and Kent

Safari in East or Southern Africa?

SOUTHERN AFRICA

The wildlife in Southern Africa is as varied as that of East Africa, although less dense and found in smaller herds. Game trackers apply their skill in finding the elusive animals and it is a thrilling experience to be a part of the track. With Southern Africa having a large concentrations of private game reserves, there is a higher frequency of "close up" safari experiences that take place when out in the bush.

Southern Africa has a stunning variety of superbly contrasting landscapes. From the deserts of Namibia with its rolling sand dunes onto the flat floodplains of the Okavango Delta to the towering heights of the Drakensburg mountains. Southern Africa offers a myriad of cultural experiences, along with active adventure, family explorations and wellness journeys. Cosmopolitan cities like Cape Town and Johannesburg offer unusual art experiences, and premium shopping for luxury fashion brands.

South Africa in particular is a foodies heaven with a wide range of culinary delights to suit any traveler. There are also a huge number of spectacular wine farms and world class restaurants in Johannesburg, Cape Town and the Winelands. The best beaches in Southern Africa are found in Mozambique which can be reached from any of the Southern Africa countries, or hop over to Mauritius.

EAST AFRICA

The wildlife in East Africa, specifically in Kenya and Tanzania, is found in higher concentrations than elsewhere on the continent; the great wildebeest migration alone contains two million individuals. Rwanda and Uganda are also home to the two largest primate species and both these countries can be easily combined with a wildlife safari in Kenya or Tanzania.

There are a myriad of spectacular landscapes in East Africa - from the soaring mountains of Kilimanjaro and Kenya, the primate rich jungles in Rwanda and Uganda, the many rolling grassland savannahs and the long, wide beaches of the coast.

East Africa has numerous activities available from walking safaris to soaring over the plains in a hot air balloon. There are also a wide variety of cultures for guests to experience from the more famous Masai to the lesser known Batwa pygmies.

Not a renowned destination for food but the properties offer delicious meals. There is also the option for guests to have a local cooking class in a village, gaining a real life understanding of the lives of the local communities.

Both Kenya and Tanzania have glorious beaches with powder-white sandy beaches just a short flight away from the national parks and reserves.

This Abercrombie and Kent Plan Pricing and Inclusions:

PRICING

January-February: \$9,705

March: \$8,304

Day 1

Arrive in Arusha

On arrival at Kilimanjaro International Airport, you are met by our representative and transferred to your hotel in Arusha for the night.

Lake Duluti Lodge - Arusha, Tanzania

255-769-356504

500 meters Off the Moshi Arusha Road, Arusha, Tanzania 23000

Image credits: Einez Crespo on <https://maps.google.com/maps/contrib/115958308936210087254>

1 Night

Duration

The chalet hotel nearby a lake, with contemporary designed African styled rooms overlooking the indigenous trees view in the farm.

Day 2

Drive to Tarangire National Park

After an early breakfast, drive to Tarangire National Park - famous for its large elephant herds and picturesque landscapes dotted with baobab trees. Tarangire is one of the least visited parks in northern Tanzania yet its dense population of wildlife from July to November is second only to the Serengeti.

2 Nights

Duration

Amenities

Meal Plan: B,L,D

Day 3

Explore Tarangire National Park

Image credits: ray rui on Unsplash

Today, set out into the park with a picnic lunch to maximize your time in this wonderful wilderness area. The park has expansive views with wide panoramas of wooded savannah stretching in every direction. The most outstanding feature is the Tarangire River which is permanent and the only reliable dry-season source of water available to wildlife in this vast stretch of Tanzania's Rift Valley. The river attracts tremendous concentrations of animals and birds.

Day 4

Drive to Ngorongoro

Drive up towards the Ngorongoro Crater. This deep, volcanic crater and the largest unbroken caldera in the world; about 20 kilometres wide, 600 meters deep and 300 sq kilometres in area, the Ngorongoro Crater is a breath-taking natural wonder. Within the crater rim, large herds of zebra and wildebeest graze nearby while sleeping lions laze in the sun.

On the way stop in at the AK Philanthropy Women's Bike Shop to see how the project has changed the lives of the ladies working there. There are also a number of other exciting activities available at an additional cost including a Tuk Tuk tour of the Mto wa Mbu village with a local lunch.

Sanctuary Ngorongoro Crater Camp

3 Nights

Duration

Sanctuary Ngorongoro Crater Camp is located in the Ngorongoro Conservation Area - situated in the Ngorongoro Crater rim valley, close to the access road into the crater, giving guests unrivaled access to the crater floor.

Ngorongoro is home to a large assortment of animals, including zebra, buffalo, warthog, wildebeest, hippo and elephants; and an amazing population of predators - lions, hyenas, jackals, cheetahs and the elusive leopard.

Day 6

Safari Through Ngorongoro

Image credits: Dmitrii Zhodzishskii on Unsplash

Your game drive today will be like no other as you visit one of the most dramatic safari destinations in Africa, the Ngorongoro Crater. Descend to the crater floor in search of the Big Five with the backdrop of the forest covered crater walls surrounding you, creating a stunning canvas for all your wildlife photographs. Travel through the Lerai Forest looking for leopard and onto the plains where the wildebeest and zebra graze whilst cheetah and lion lay and watch. Old elephants pass your vehicle whilst further afield rhino wander in search of grazing and hippos hide in the pools. A picnic lunch is provided so you can maximize your day in the crater.

Day 7

Fly to Serengeti National Park

It is an early start today to catch your flight to the Serengeti National Park. From the air enjoy the magnificent views of the Great Rift Valley Escarpment and, if it is clear, the Ngorongoro Crater.

You will be met in the Serengeti by your Driver Guide who will once again have your private vehicle waiting for you. Enjoy your first Serengeti game drive on the way to the camp for check in followed by lunch. In the afternoon, venture out into the Serengeti's game filled savannah for a game drive. Driving through the Serengeti in late afternoon, the light provides the perfect opportunity to capture some magical wildlife and landscape photographs. As the light fades return to your property for dinner.

Elewana Serengeti Pioneer Camp - Serengeti Natl Park, Tanzania

255 27-250-0630

Serengeti Natl Park, Tanzania

3 Nights

Duration

Camp hotel located 33km from Seronera Airport and 80km from Kirawira B Aerodrome. Overlooks Moru Kopjes and Lake Magadi plains.

Amenities

Meal Plan: B

Day 8

Explore Serengeti National Park

Image credits: George Stackpole on Unsplash

Over the next two days explore the vast plains of the Serengeti and all its wonders.

Every year, triggered by the rains, 1.3 million wildebeest, 200,000 zebra and 300,000 Thomson's gazelle gather to undertake the long trek to new grazing lands. The Serengeti is not only famous for the great Wildebeest Migration but also for the vast number of species that reside in the park year-round. The concentration of predators in the Serengeti is high with large prides of lion, numerous hyena clans and regular sightings of both cheetah and leopard.

Day 9

Explore Serengeti National Park

Image credits: George Stackpole on Unsplash

Every year, triggered by the rains, 1.3 million wildebeest, 200,000 zebra and 300,000 Thomson's gazelle gather to undertake the long trek to new grazing lands. The Serengeti is not only famous for the great Wildebeest Migration but also for the vast number of species that reside in the park year-round. The concentration of predators in the Serengeti is high with large prides of lion, numerous hyena clans and regular sightings of both cheetah and leopard.

Depart from Tanzania

Today, you bid farewell to Tanzania. You will fly back to Arusha where you will have a day room and a chance to freshen up before your evening flight back home with the fond memories of your time in this amazing country.
