## DAY 1

### Welcome to Bangkok

Today you will arrive in Bangkok

### Area Overview

Bangkok, the capital of Thailand, is theuzziest, most bustling city in Southeast Asia. But don't let that scare you away. In its backstreets one can find a placid vibe, one with small shops, calm cafes, ancient temples, and excellent eateries.

Like most big cities in the 21st century, Bangkok is crammed with contrasts, some more beguiling than others. In the early 15th century, it was just a small trading settlement on the Chao Phraya River. And as time went on, the area began to expand. And expand. And expand some more. Today this metropolis is a marriage of past and present (and future too), as the landscape of the city is made up of ancient Buddhist temples, tall modern skyscrapers, vast (air-conditioned) shopping malls, flashy nightclubs, no-frills but excellent street food restaurants and carts. And everything else in between.

There are over 50 different neighborhoods and districts, each with its own vibe, in which to explore. So first-time visitors to this city of a whopping eight million people should set their sights on one swath of the city and then go strolling, stopping to admire the temples or graze on incredible Thai food, without too much concern about seeing the whole city. It just means, further visits in the future will be necessary!

### **Property Overview**

The Siam is a private 39-room urban luxury resort located in Bangkok's Royal Dusit district and set on three acres of verdant frontage along the city side of the Chao Phraya River. Designed by internationally acclaimed architect Bill Bensley, and Art Deco inspired, this Thai antique-infused masterpiece is the kingdom's premier urban resort.

Top notch amenities include restaurants, a cooking school, bar, café, the Opium Spa, gym, yoga terrace, Muay Thai boxing ring, beauty salon, library/cinema, infinity pool, gift/antiques gallery, conservatory, and traditional Thai houses.

### **Experience & Activities**

There is a variety of carefully curated experiences available that highlight some fascinating elements of Thai culture, whether your interests lie in cuisine (cooking or dining), history, the arts, or even the martial arts. As a guest at The Siam, you are just a short luxury cruise boat ride away from all of Bangkok's riverside attractions too.

Or enjoy a rejuvenating spa treatment at Opium Spa, with a full range of wellness options including signature spa treatments, yoga, and meditation. Increasingly well-known throughout the world, Sak Yant tattoos are a sacred Thai tradition, also available at The Siam.

### Welcome to Chiang Rai

Today you will arrive in Chiang Rai

## Area Overview

The northernmost big city in Thailand with a population of 200,000, this nearly 800 year old city doesn't get the tourist traffic that nearby Chiang Mai receives. Which is probably a good thing if you're in this city that is sprinkled with golden Buddhist temples.

The city has long been on the radar of budget-minded backpackers. The town has long catered to them, its streets flanked by cheap souvenir stands and restaurants serving affordable Thai and Western fare. In recent years, though, everyone from people on packaged tours to more upscale travelers have been coming to Chiang Rai. And the city has responded in kind, as there are now upscale accommodation options and restaurants serving more elevated, creative cuisine too.

People are also lured to this area where Thailand, Myanmar, and Laos meet for the incredible hiking opportunities—from easy ambles along the Kok River to more challenging steep treks up mountains.

#### **Welcome to Chiang Mai**

Today you will arrive in Chiang Mai

## Area Overview

Chiang Mai means “New City” in Thai. It is, of course, anything but that. Visitors can see that immediately, as the 13th-century walled center of this enchanting city is filled with ancient colorful palaces, golden domed temples, and other centuries-old wooden structures.

But beyond the historical aspects of this charming town in northern Thailand, Chiang Mai just has a wonderful vibe about it. If Bangkok is too bustling for you or if the temperatures and humidity are too stifling in southern Thailand, Chiang Mai is a nice retreat. The town of about 125,000 denizens is laid back and chilled out, an ideal blend of city life without the stress of a big urban environment.

Monks mix with students who mix with tourists on the streets of Chiang Mai. The town draws Buddhists and meditators, partying backpackers, and foodies, as northern Thai cuisine is very much on the global radar now. People also come here for the stunning nature outside of town, as there are ample opportunities for day trip treks and river cruises.

## Foodie Tour in Chiang Mai

In the evening, start a great food tour by following a route that will take you to two evening food markets, where you will try a wide variety of dishes.

This is a perfect time to learn some basic Thai phrases from your guide, and then practice ordering dishes in Thai. You'll receive a short leaflet highlighting some of the most popular street food dishes, and with this and your new language skills you can continue to explore the wonderful street food for the rest of your stay in Thailand. You are driven back to hotel afterward.

## DAY 9

### **Elephant Day care at Patara Elephant Conservation Centre**

After breakfast, you will enjoy hands-on healthcare activities for our pregnant mothers and young elephants. With the guidance of our experts, you will be trained on how to approach, feed, and lead your elephant to a nearby river for bathing and brushing.

This daily practice promotes healthy skin care. Due to the protection of our mothers and their young, this package does not offer bareback riding. You will take your elephant for a walk through the lush valley, The Trail of 100 River Crossings. We strongly support daily exercise, natural feedings up in the mountains, and drinking fresh water for all our elephants.

Once at the waterfall, you may relax and observe your elephant resting and feeding while we prepare your afternoon snack.

Next, you will walk beside your elephant as we return to Patara Elephant Conservation. You are driven back to hotel and leisure.

## DAY 12

### Hong Island Tour

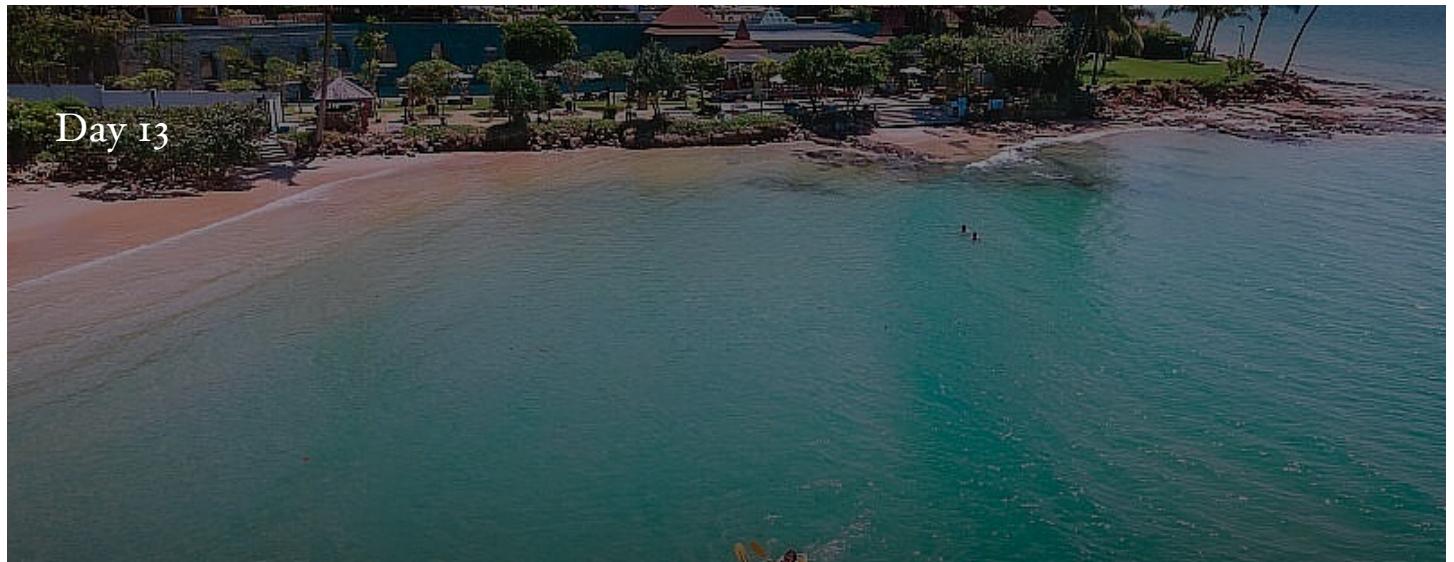

You are picked up in the morning at the hotel beach by your private boat operator for an excursion to the mesmerizing landscape and waters of Hong Island.

The aptly named Hong Island (Hong is Thai for “room”) features towering karst mountains whose insides have been eroded away, creating many different enclosed tidal lakes and pools. When the tide is in, these pools create utopian swimming areas and the snorkeling around Hong Island is excellent.

You will also have an opportunity to hike to the viewpoint. The trail is a short, moderately challenging trek. At the top, enjoy stunning panoramic views of turquoise waters and limestone cliffs. Return to your resort after the picnic lunch and enjoy your afternoon at leisure

#### **Welcome to Phuket**

Today you will arrive in Phuket

## Area Overview

The largest island in Thailand, Phuket (pronounced “Pu-ket”) is a piece of paradise in the Andaman Sea. The island and region is the wealthiest province in Thailand with the highest per capita income. For that reason, Phuket is not as cheap as the mainland but it’s also not eyebrow-raising expensive either.

The island’s west coast was particularly hard hit by the 2004 tsunami that wreaked havoc on Southeast Asia. But reconstruction was quick and now there are very few signs of the immense damage that took place here.

Phuket is dotted with small beach-side towns to explore and there are a few interesting things to see (the 150-foot, 48-meter, Big Buddha, for example). But most travelers are attracted to Phuket for one main reason: the long, white-sand, palm-tree studded beaches.

Lounge on the shore during the day and then, like most tourists, spend the evening lingering in the nearest beach town, eating excellent Thai food and enjoying drinks at an outdoor, streetside bar. Other popular diversions include excellent snorkeling and scuba diving.
