Day 10

Lake Como Private Cruise

The best way to explore Lake Como is by enjoying a relaxing private cruise. As you head towards the stunning Villa Balbianello for your first stop, marvel at how it cascades down the mountain to the lake's shores, making it one of the most striking villas in the world!

It was here that one of the Star Wars episodes was filmed as well as the movie entitled *A Month on the Lake* starring Vanessa Redgrave and Uma Thurman. Learn about the villa's fascinating history and how allied generals used it for a period during WWII.

Afterwards, continue to the delightful village of Bellagio, located on a peninsula in the middle of the lake. Here, you discover the area's long history of silk production and you may wish to shop for silk scarves and ties.

As you depart Bellagio on your private boat, take in the spectacular views of the towering Alps to the north. Soon you arrive in the village of Varenna, on the eastern side of the lake, to soak up the peaceful atmosphere and slower pace of life. A mere cluster of houses and small piazzas, Varenna is home to the oldest church on the lake - the 10th century San Giovanni Battista.

The remainder of your day is at leisure
