72 hour negative PCR test needed to enter South Africa

What are the restrictions?

On arrival, they must present a paper copy of a negative PCR test taken within 72 hours of arrival. It must be signed by the person who took the test. You should take several copies, in case you have to hand them over at different stages. Those arriving without a test will be subject to an antigen test and will be quarantined for 10 days at their own expense if they test positive.

About Capetown, South Africa

South Africa's "Mother City," Cape Town is dominated by Table Mountain and surrounded by the wild Atlantic Ocean, giving it an unquestionably jaw-dropping backdrop. It was once described by Sir Francis Drake as "the fairest Cape in all the circumference of the earth," and since the 16th century, seafarers have been drawn to its dramatic coastline and strategic location on the southwestern tip of the African continent. Cape Town leads South Africa in developing attractions to appeal to visitors, and it is now one of the world's top travel destinations.

Cape Town's highlights include the historical center, cutting-edge museums, the famous Constantia wine estates, and Robben Island, where Nelson Mandela was imprisoned. There is also a variety of trendy restaurants and nightclubs, as well as some of the best shopping opportunities in Africa.

Beyond Cape Town, a stunning coast road winds its way around the Cape Peninsula as far south as Cape Point, where there are pristine beaches, quaint seaside villages, and marine wildlife such as penguins and seals. The Winelands is South Africa's oldest and most beautiful wine-producing area, and the scenic valleys are covered by the vineyards of historic estates that have been cultivating grapes for more than 300 years. The southern coast is dubbed the Whale Coast, and it claims to have the best land-based whale-watching in the world. In season, sightings are almost guaranteed from the clifftops in Hermanus.

Cape Town's appeal also lies in its fascinating mix of nationalities and identities—African, European, Asian—and its history is compelling, too, from the early hunter-gatherers to the arrival of the Europeans, the Boer War and the breakdown of apartheid. In fact, it's Cape Town's mix of culture and lifestyle that makes it one of the world's most vibrant and cosmopolitan cities.

Discover Phinda Private Game Reserve

&BEYOND Phinda Private Game Reserve encompasses an impressive 28 555 hectares (70 560 acres) of protected wildlife land in KwaZulu-Natal, South Africa.

Showcasing one of the continent's finest game viewing experiences, &BEYOND Phinda is home to Africa's Big Five (lion, leopard, elephant, buffalo and rhino), as well as 436 bird species. The reserve is particularly well known for close-up sightings of the elegant yet elusive cheetah, as well as the rare black rhino.

With its seven distinct habitats, Phinda is often described as 'Seven Worlds of Wonder', a magnificent tapestry of woodland, grassland, wetland and forest, interspersed with mountain ranges, rivers, marshes and pans. Home to 1 000 hectares (2471 acres) of Africa's remaining rare dry sand forest, the reserve is situated in close proximity to the unspoiled beaches and spectacular coral reefs of the Indian Ocean, offering an unmatched combination of bush and beach adventures.

Guests at Phinda experience interpretive game drives, in open 4×4 safari vehicles, led by professionally trained &BEYOND rangers and Zulu trackers, as well as a wide range of optional adventures in the bush and on the beach.

IMPRESSIVE GAME VIEWING

28,555 ha (70,560 acres) of private traversing across seven distinct habitats allows for a great diversity of landscapes and exclusive game viewing. Limited number of vehicles at sightings and sensitive off-roading practices affords close-up sightings of Big Five and other rare and iconic wildlife.

ICONIC WILDLIFE SIGHTINGS

Phinda is home to a magnificent variety of wildlife, including the Big Five, but is best known for its large population of cheetah and black rhino. The sand forest is home to the shy suni and the rare red duiker, two tiny antelope that are seldom encountered elsewhere.
