Stargazing Tour

307-413-4779

<https://www.wyomingstargazing.org/>

2 Days

Duration

Late this evening, you will be driven into Grand Teton National Park for a private stargazing experience. The high elevation in Jackson Hole means that you're looking through much less atmosphere than at sea level. That makes the night sky that much clearer! Enjoy hot chocolate or apple cider while looking at the iPads with the StarWalk app so you can begin getting acquainted with what the night sky will look like once it gets dark. You will be inspired by all that the extraordinary night skies of Jackson Hole have to offer! Throughout the night you will see planets, stars, nebulae, galaxies, and more. The tour guide will schedule specific pickup times closer to date, but around this time of year, they generally schedule pickups for approximately 9pm. Tour guide also provide blankets and chairs. You will then enjoy approximately 2 hours of stargazing with our large telescope, guided by a Stargazing Leader. You can also rent or purchase Universe2go augmented reality goggles for their trip. These goggles merge a digital image with the real night sky to help teach people about space. Rental cost is \$15 and purchase cost is \$65. Guests need to be sure to dress warmly for our events, as it can drop to below 40 degrees at night (long pants, warm jacket, closed - toed shoes, thick socks, hat). Most of our telescopes require use of a ladder to observe - if this is an issue, let us know and we will make sure we can accommodate specific needs.

TIPPING SUGGESTIONS: \$100-\$150

During the summer the temperature at night can drop down to below 40°F! Please wear long pants, a warm jacket, close toed shoes with thick socks, and a hat. In the winter, the temperature will be well below freezing. You should dress like you're going skiing on a really cold day.

Day 6

Half Day Guided Kayak

945 W. Broadway
Jackson, WY 83001, US

The Inflatable Kayak, or Rubber Duckie, is a unique and exciting way of going down the river for the whole family, with no previous experience necessary. Inflatable Kayaking is much more exciting than white - water rafting because you are in complete control of your own boat at all times. Safe, fun, and suitable for anyone in search of adventure, this is your opportunity to get more challenge and freedom when you ride the waves. It's a fact that these maneuverable, resilient inflatable kayaks offer one of the most exciting ways to ride the river. Duckies ride low in the water making small waves, like in Champagne rapids, seem larger, and bigger waves like Big Kahuna and Lunch Counter seem mammoth. With absolutely no previous river experience necessary, duckie trips are for the entire family. Our experienced instructors will take you through a thorough equipment check, river safety course, instruct you on the fine art of paddling a duckie, then lead you down through the class III rapids of the Grand Canyon of the Snake River. All equipment and transportation is included. If you're not ready for the over, under, and upside down that a kayak provides, but are tired of lumbering along in a large raft, then the inflatable duckies are the way to go!

List of things to bring for a trip on the river:

Please dress appropriately to get wet - we will provide wetsuits, dry suits or paddle jackets

-Bathing suit

-Mid-weight shirt of wicking material (wool or synthetic) (optional)

-Sunscreen

-Water bottle

-Towel (optional)

-Change of warm dry clothes (even in the middle of summer WY is cold after being on the water)

-Any personal paddling gear you would like to bring along (optional)

All of the SUPs, boats, paddles, and paddling gear will be provided. You can buy any of the gear listed above or used on our lessons in our world class kayak shop.

List of things to bring for a trip on the lake:

If you want to stay dry on any lake touring trip we will do our best to accommodate you. There is always a chance of getting wet during any water sport.

-Quick dry shorts or long pants

- please avoid cotton clothing

-Mid-weight shirt of wicking material or sun-shirt

- please avoid cotton clothing

-Sun hat and or warm hat - depending on the day

-Sunscreen

-Shoes or sandals that can get wet

-Water bottle

-Towel (optional)-Bathing suit for SUP trips as you will likely want to wear a wetsuit

Late this afternoon, your driver will transfer you to a nearby ranch for a chuck wagon dinner. Your family will ride in covered wagons along the banks of a clear mountain spring to a beautiful dinner location. Here you will enjoy a cowboy supper, followed by some spirited western music, entertainment and a campfire. The Bar T - 5 is about 3 hours long. Things kick off where you check in with a welcome, then onto the horse drawn covered wagons for a 2 - mile journey to our camp site encountering a few surprises along the way. Arriving at camp a good meal awaits then music and fun with the Bar T - 5 Band. A return trip in the covered wagons brings you back from a place and time we hope they will never forget.
