We celebrate the farming roots of our local Arizona community in this casual, bistro-style restaurant. We focus on the season's freshest flavors, including organic citrus which helped make Arizona famous, heritage grains, farmstead cheeses and pasture-raised meats.

You can sit indoors and watch the action in our exhibition kitchen or savor a relaxed meal on the patio overlooking the Princess Pool. Start your day with the avocado toast topped with crispy prosciutto or a salmon toast prepared in the stone hearth.

For something classic, opt for the Arizona grain bowl featuring barley from Hayden Mills, which has been an integral part of our community heritage for more than a century. Hike Cathedral Rock Trail

Cathedral Rock Trailhead, Sedona, AZ 86336

<https://www.alltrails.com/trail/us/arizona/cathedral-rock-trail>

Image credits: Pixabay

Cathedral Rock is a short hike that offers beautiful views of the naturally occurring red rock formations in the heart of red rock country. This is a favorite hike in the Sedona area.

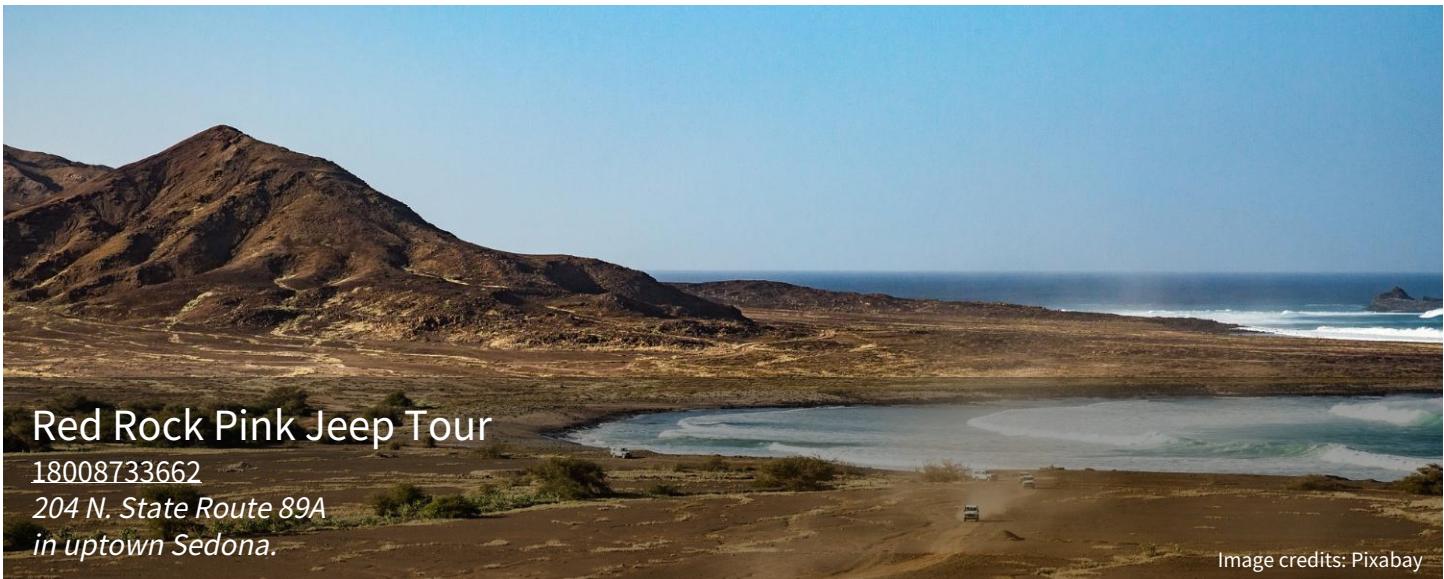

The Cathedral Rock trailhead can be accessed off of Back'O'Beyond Road. There is a small trailhead parking area. However, the trail can also be accessed from Baldwin and Templeton trails.

The trail ends with a short steep climb to Cathedral Rock. There are some steep sections so hiking shoes are recommended. There are great views along the entirety of the trail.

Cathedral rock is an amazing short but strenuous hike in the southern part of Sedona. It's a distance of just about 1.2 miles round trip but the 740+ ft elevation gain make this a moderate to difficult hike with portions where near vertical climbing is required.

From the trailhead the hike can be half hour to an hour each way. The views at the top of the hike are more than worth it however especially during sunset. Be sure to wear proper closed toed hiking shoes with good grip for an easier climb up and down. With two smaller parking lots that fill up fast during the day and nearby street parking that is packed at peak times, plan that into the hike. This is a must hike when in Sedona!

Note that dogs are allowed in this area, but it is not advisable to bring them on this trail. The route requires a lot of scrambling, which would be too difficult for most dogs.

Both this course and our "AMaze'N Golf" course have beautiful natural settings integrating lavish landscaping and unique natural desert boulders.

This course is designed with the younger family members in mind. Each hole offers a distinct and interesting format from the viewpoint of a 4 to 10-year-old and is designed to be played as a joint activity with parents, grandparents, and caretakers. No putt is over twenty feet and most holes have a hole-in-one potential. Several holes integrate interactive play elements including mazes, slides, bells, and tunnels. When your ball drops to a lower level on a two or three level hole, why take the path? Just take a "tube slide shortcut" to continue play! These non-traditional features are designed to captivate and hold the attention of young children, while providing a sporting success for young children who can say, "I did it!"
