#### FD EXC. PERITO MORENO GLACIER WITH NAUTIC SAFARI NAVIGATION AND LUNCH ENGLISH GUIDE

Meet your guide at your hotel in El Calafate to depart towards the Los Glaciares National Park, by the route number 11, bordering the Argentino Lake and the Redonda bay. Once at the Park, the first stop is at the “La curva de los suspiros” (The curve of the Sighs), named this way as it is the first place where it is possible to have a panoramic view of the Perito Moreno Glacier. Here it is possible to be part of a navigation that goes by the south arm of the Los Témpanos channel, in order to have different views of the Perito Moreno Glacier, for one hour. Continue to the visitor's center that the National Parks holds, which counts with a balcony system that allows the tourist to walk through different paths, having access to many close views of the massive Perito Moreno Glacier. After some time at leisure for you to enjoy the breathtaking landscape at your own pace, you will be driven to your hotel in El Calafate.
