Xcaret Restaurants

HA' Restaurant - Not Included in the All Fun Inclusive package.

Carlos Gaytán, the first Mexican chef to receive a Michelin Star, presents HA', a unique proposal in Contemporary Mexican Cuisine in Riviera Maya.

With a 7-course tasting menu in which, each dish is perfectly harmonized with exquisite wines and spirits for the occasion, Carlos shows us that flavors, textures and temperatures are elements that tell us a surprising story and help us learn about his love for his roots.

When you think you have found your favorite dish Gaytán's inspiration proposes new creations as the seasons change, ensuring your experiences are always unique and different.

HA' is an experience open to the public.

XAAK - MENU

An experience designed by 5 award winning chefs from Hotel Xcaret Arte's Culinary Collective.

Tuch de Luna - MENU

The colors of Mexican culture, the strong and contrasting flavors of our history and the velvety nuances of our country's well-known hospitality are enjoyed at Tuch de Luna, the new home of Chef Martha Ortiz, where the synesthesia of the moon's reflection on the sea comes through the restaurant's windows and illuminates a collection of dishes that the best Mexican Chef showcases as if they were paintings in an exhibition.

Tuch de Luna is her love letter to Mexico, written from our open kitchen, where she shares her waltzes and spins with an extraordinary team of women. There they remember and write in the form of stews and desserts, spicy confessions, stories as mellow as rice, promises with fairytale flavors and a feast of sweet winks.
